This will be a hands-on club, learning about leather and the skills required to work it, while making a wide variety of projects. The club teaches various aspects of the art of leatherwork. Members learn the art of stamping and tooling leather, adding color to their pieces and how to make and assemble useful leather items. Meetings are monthly (currently second Tuesday, 6-8pm) in Pittsboro. For youth age 11-18

If you are interested in joining one of these wonderful 4-H groups,

Or, if you are interested in organizing a new club with different
